Committee movements:

Most of you will have met Natalie by now. She's the new librarian, comes with great ideas and a cracking whip, and if there are any issues (roster or loaned toys) you can contact her on 021 956 793.

While Rebecca is a great multitasker, her days are just getting busy so she will no longer be processing toys. Natalie is taking over this role for now.

Up for grabs:

Bag of small toys - \$5
Sand digger - \$15

Featured toy: Ezy Roller

Not a luge, not a bike, not a scooter, the EzyRoller moves like a snake, without chains or pedals, using easy right-left leg movements. There are no chains and no batteries - the EzyRoller moves and turns silently.

Tip:

It is a good idea to check toys for missing bits before leaving the library, to ensure that you don't get fined for any bits that were lost - by someone else!

Open day:

Toy library awareness week is on 9-15 August, and we'll have a fun day on Sat. 14 August. Bouncy castle, sausage sizzle, clown and balloons, face paint, toys... don't miss it!
